---

Kema 3 Village, Kema District, North Minahasa Regency, North Sulawesi, Indonesia | +6281244477197 | muhammatsaria026@student.unsrat.ac.id

## Objective

- Enthusiastic and dedicated student in web and API development, with experience building various projects using PHP, Laravel, and JavaScript. Seeking an internship opportunity to further develop technical skills and contribute to a professional development team.

## Education

### **S1 BACHELOR OF INFORMATICS | SAM RATULANGI UNIVERSITY | 2021 - PRESENT**

- Concentration: Web and API Development
- Relevant Courses: Web Programming, Databases, Data Structures, Software Engineering

## PROJECT EXPERIENCE

- **AKSARA DISKRET**  
An initial project developed with two friends, aiming to share books for free. Utilized PHP, Laravel, and JavaScript.
- **PUCUK PENA**  
A free book-sharing website, developed as a personal project using the MVC approach. [View on GitHub](#)  

- **API RESOURCE**  
Development of a simple API.
- **Belajar RESTful API**  
A project focused on learning and implementing RESTful APIs.
- **TO-DO LIST API**  
Development of a dedicated API for a to-do list application.
- **KEMA FISH (E-COMMERCE)**  
Development of an e-commerce platform for parents, currently postponed due to unrefined business process identification.
- **WEBSITE DESA WINANGUN ATAS -MINAHASA & KELUARAHAN KAYAWU – TOMOHON UTARA**  
Development of village websites with resident data management features.
- **PROJECT MANAJEMEN KEPENDUDUKAN**  
A web application designed to manage resident data, record-keeping, and administrative reporting for community units (Jaga/RW) in the village.

## Skills & Expertise

### COMMUNICATION

- Possess excellent communication skills, capable of conveying ideas and interacting effectively within a team.

### LEADERSHIP

- Experienced in leading small projects and university assignments, demonstrating the ability to organize and direct teams.

### TEKNIS

- **Programming Languages & Frameworks:** HTML, CSS, JavaScript, PHP, Laravel, Node.js (currently learning)
- **Basis Data:** MySQL
- **Styling:** Tailwind CSS
- **Concepts:** MVC, RESTful API
- **Version Control:** Git & GitHub

## Experience

- **MAIN PROGRAM RESPONSIBLE | KAYAWU VILLAGE OFFICE | NOVEMBER 2024 – DECEMBER 2024**

Served as the main person in charge for the village digitalization program during the Community Service Program (Kuliah Kerja Nyata - KKN), including the development of the Kayawu village website.

- *Note: KKN (Kuliah Kerja Nyata) is a mandatory community service program for Indonesian university students, where they apply their academic knowledge to solve real-world problems in rural communities.*
